
Skills

Programming	:	SQL, Python
Visualization	:	Excel Charts, Matplotlib, Seaborn, Power BI
Database	:	MySQL, Postgres
Other	:	MS-Excel

Experience

1) K.B.N Enterprises - Supervisor (Jan 2019 - Present)

- Managed and organized a data of **5,000** records in **Excel** with **99.9%** accuracy, streamlining data retrieval processes and saving an average of **15** hours per month.
- Daily Report, Monthly Report**, Dashboard using Excel to Help Organization to get work done and to take necessary action for projects.
- Successfully led transportation teams, optimizing resource utilization, and ensuring timely delivery of services.
- successfully handled process re-engineering project that streamlined service processes, **reduced paperwork** by **75%**, and improved communication flow among workers, leading to a **40% increase** in **productivity**.

2) Truefit India Pvt Ltd – Attribution Analyst (Feb 2019 – Oct 2017)

- 90% Data Labelling** and **Data Cataloguing** on client B2B Website.
- Top Performer** of the Month X 2

Projects Experience

1) Codex Marketing Team in Food and Beverage Industry – [Product Survey Analysis](#) (Aug 2023)

- Designed and deployed a comprehensive **Power BI** data dashboard featuring in-depth insights across **6** critical categories of the **Codex Beverage Product Survey**, leading to a **25%** increase in data-driven decision-making.
- Facilitate data-driven decisions, elevated business efficiency through the strategic scaling of processes, yielding **30%**.
- Expertly utilized Power Query to import, manipulate, and cleanse a dataset of 10,000 records. Employed data modeling techniques to enhance data quality, accomplished **85%** Accurate **Survey Report** and Build **Dashboard**.

2) Laptop Price Predictor: [Laptop Price Prediction](#) (Aug 2023)

- This project involved **scraping** laptop data from smartprix.com Using Python scripting, resulting in a raw dataset of **1400**.
- dataset was **cleaned** using techniques such as **removing duplicates**, **null values**, and **outliers**, all data **transformation techniques** resulting in a **cleaned** dataset of **1350** observations.
- Performed thorough exploratory data analysis (EDA) on 15 datasets, extracting key insights using **Excel**, **SQL**, and **Python** to inform decision-making.
- Showcased the efficacy of data analysis techniques by presenting actionable insights resulting in a 12% increase in revenue-generating strategies.

3) Business 360 - [Brick & mortar and e-commerce](#) (May 2023)

- Created data-driven dashboards in **Power BI** showcasing **6 departments (sales, finance, supply chain, executive, marketing, and products)** of Atliq hardware to understand sales trends and facilitate data-driven decisions, drove Business growth by streamlining process resulting in **10%** growth.
- Demonstrated advanced data management capabilities by harmonizing and modeling data from diverse origins, including **MySQL** and **Excel**, involving over 1 million records.

Certifications and Awards

- Code Basics:** [Excel Mother of Business Intelligence](#) Certification
- Code Basics:** [Power Bi Data Analytics for All Level](#) Certification
- Intern Shala:** [SQL For Data Analytics](#) Certificate
- True fit India Pvt Ltd:** Top Performer of the Month X 2

Education

- Rizvi College of Arts Science and Commerce - **Bachelor of Commerce (Maths and IT)** Jun 2013 - Aug 2017
